

OGLALA SIOUX LAKOTA HOUSING

MAINTENANCE TEAM

The Kyle Maintenance and Modernization welcomes you to our page.

Our supervisor Larry Bear Killer has been working hard helping the maintenance finish up the renovation on 309 before winter time comes around, working on work orders and preparing for winter season. His sense of humor keeps us all going, he makes our work day go by fast and fun! We would like to thank him for everything he does for the Kyle community and Maintenance.

Our maintenance workers have been mainly working on the renovation on unit 309, water leaks, interior/exterior doors, hot water heaters, broken windows and other needs that our tenants request. We do our best on trying to keep up with the tenants needs and keeping up with the living conditions of our community members.

The Stimulus Project is here

Eric, Jed, Tyler, Felicia, Larry, Byron, Duane, Myron and Delaine

in Medicine Root and will be working on a number of Units. Making some of our roofs metal.

Our TSR has been working on our community and working with our community members to make our community a safe environment for

everyone.

The Kyle Maintenance also has on call workers for tenants to call on weekends, holidays or non-working hours, (605) 454-1164. This is number is for Emergencies only.

Tenants, The Kyle Maintenance would like to remind

everyone that winter time is coming around and we would like the tenants to report any water leaks, start rolling up garden hoses and preparing for winter time. Winter Is Just around the corner!!
