2009

## OGLALA SIOUX (LAKOTA) HOUSING

ELDON BLACK  
BULL

WAYLON LAMONT

SHERMAN  
DESERSA

LANCE BLACK  
HORN

Hau, from the Plumbing and Heating Department. I would like to introduce you to the plumbers for the department: Sherman Desersa, Waylon Lamont, Lance Black Horn, and the supervisor is Eldon Black Bull.

We service the reservation with partial and full renovations within the 9 districts. We install new and upgrade plumbing and heating systems by changing furnaces and the entire heating systems. We also upgrade plumbing fixtures and redesign where water supply and waste lines are needed.

We are doing 3 renovations now and 2 pending, we

completed 2 handicap bathroom renovations and have 2 pending. We'll also be setting outside gas line's, moving tanks, cleaning and cutting trees around tanks and getting ready for winter.

We would also like to share some tips:

1. Check your furnace filter clean it and replace it if need be.
2. Keep areas around the furnace and hot water heater clean
3. Keep all vents open and clean
4. Report broken basement windows
5. Use dish soap and water to check for pro-

pane leaks

6. Check your propane levels often, and try to prevent the tank from running out so as to prevent freezing.
7. Face electric heaters away from thermostats
8. Do not use water lines for any purposes

**REPORT ALL  
LEAKS  
RIGHT AWAY!**

**605-455-2073**

WE ARE HAPPY TO ASSIST YOU WITH ANY PLUMBING OR HEATING PROBLEMS YOU MAY HAVE. IF WE CAN NOT HELP YOU WE WILL BE GLAD TO DIRECT YOUR CONCERNS TO THE RIGHT PEOPLE.
