

Greetings,

To all the tenants in the Eagle Nest District:

Wanblee Maintenance & Modernization would like to say Thank you for giving us the opportunity to have employment in our district. Our staff consists of the supervisor, (5) maintenance workers, and the secretary. It has been an exciting year with all the upcoming events and changes. Our supervisor is Matthew Eagle Heart and he travels from Kyle.

The following staff members @ Wanblee Maintenance: Matthew Eagle Heart (Supervisor), Phyllis DeSersa (Secretary), Neil Red Elk, Sylvester Two Bulls, and Carlin Red Blanket (Maintenance Workers).

In our community there will be projects such as roofing, siding, foundation, and renovation. These projects are from the stimulus package that was passed and is creating jobs in the communities all across the Pine Ridge Indian Reservation.

Rosebud Log Homes recently acquired the bid for the roofing project in Eagle Nest District. This created employment for community members. The supervisor for the roofing project is Archie Marshall. The roofing project installed steel roofs on (10) units in the cluster housing area.

The Summer Youth Program/WIA had a few of the young boys & girls stationed at the office. The Summer Youth workers assisted with mowing yards for the tenants and hauled trash to the dump for the low rent tenants in Georgetown, Cluster Housing, and Scattered sites.

The contractor for the garbage pick up is (James Red Willow) and he is contracted from Eagle Nest District. Mr. Red Willow can be contacted at this cell number (605) 454-4465.

If you have any questions or concerns, please do not hesitate to call or stop by the office. We will be glad to help in any way we can with the problems and repairs in the units.
